

INFORMATION ON TRANSFER OF COMPANY

FEBRUARY 2020

Dear Sir or Madam,

We, PolyMerge GmbH, took over the business operations of BF Maschinen GmbH on 01.02.2020 as part of a succession plan.

As PolyMerge GmbH, we will continue running the business on the well-known business premises,

Wallensteinstrasse 5-7 in 82538 Geretsried.

We are offering the product and service portfolio of BF Maschinen GmbH in an unchanged manner. In addition, we will expand our activities in the area of plastic welding. PolyMerge GmbH is keeping all employees of BF Maschinen GmbH that you are familiar with.

As a competent partner, we are now also available to answer any questions about the maintenance of systems that have already been delivered.

In accordance with our motto "**SIMPLY WELDING.**" we want to make working with us as easy as possible. Thus, we act as a technology-independent provider of machines for plastic welding. In addition to proven system technology, we also offer advice on the selection of the appropriate welding process and design support to improve weldability of your product. Through new partnerships, we will further expand and internationalize our sales and service activities.

More information about us and our service portfolio can be found at: WWW.POLYMERGE.DE

Mr. Breuer will facilitate the transition and will also be available to you and me for questions. I myself have an engineering degree and have worked in the industry for many years. Together we are looking forward to a promising future.

Working with you is very important to us and we look forward to getting to know you personally.

Until then,
yours faithfully

MANUEL SIEBEN
